

# Own Your Prepay Strategy

Your platform. Your analytics. Your savings. A new way to prepay, with Pareo®

High fees, rising administrative costs, and increasing provider abrasion have health plans looking for alternative pre-pay solutions. Pareo's advanced prepay capabilities empower health plans to move from vendor-dependent pre & post-pay programs to efficient internal prepay cost avoidance. An extensive analytics library, configurable workflows, and comprehensive, transparent reporting offer a seamless, proactive approach to cost management – all at predictable, fixed-fee pricing.

## Empowering You to Do More

### Build Analytics in Days, Not Months

Unified platform across pre and post-pay with self-service analytics and workflow management.

### Access the Latest Industry-Standard Content

3,000+ prepay analytics, all customizable to your specific policies, maintained for accuracy.

### Increase Prepay Savings, Cut Admin Costs

Fixed-fee pricing with a clear path to insource prepay and move recoveries to prevention.

*"Our vision for payment integrity is to move from a predominantly outsource to an insource business model. Pareo® provides the foundation to realize our vision by shifting from costly post-pay recoveries to efficient prepay cost avoidance."*

Commercial Health Plan

## How It Works: Complete Prepay Control

 **Self-service analytics:** Build and customize payment integrity analytics using an intuitive proprietary business rules language.

 **Workflow automation:** Configure routing for automated, semi-manual, and manual reviews.

 **Team management:** Efficiently assign and manage resources based on analytic complexity.

 **Performance tracking:** Access dashboards that deliver powerful insights on analytics, team productivity, and financial impact.

 **Post-pay integration:** Seamlessly transition successful post-pay concepts to prepay.

Delivered as part of Pareo's internal audit management solutions.

## Proven Financial Impact
